

Cougar Mom

*Cougar mom walking
She spies some deer
She tip toes quietly
So they don't hear
She makes a pounce
The deers arouse
She catches a fawn
Drags it to cubs
By dawn the deer is gone*

*The cubs go to bed
Mom in their heads
When cubs awake
Night sky is here
Danger near
Coyotes hunt
Their teeth opposite of blunt
Mom makes a leap
Sends coyote in a heap
Moms job is done!*
