

# The Sonoran Desert

I hear a rattle snake hiding in the bushes.

Birds making a home in a Saguaro.

I see the sun going down and becoming night.

Animals going to bed in their caves.

Coyotes howl at nighttime.

Stars shooting at night.

Saguaros grow flowers.

I feel sand at sunset.

I see cactus everywhere.

I taste the wind.

I smell air.

I hear coyotes howling.

I see hawks flying.

I see black sky

I hear sand
